

Michael Ball, Leave A Light On

(Jon Lind/Brock Walsh/Rod Gammons)

Coffee black and headlights on
Settled in for the long ride home
The radio is trying its best
But it sounds like the signal's gone
Thoughts of you rush into my head
They tease me for a moment or two
Trying to fill the hours ahead
Until I'm beside you
Leave a light on, leave a light on
Help me find my way back into your arms
Leave a light on, soon I will be there
Keep it shining and I'll be along
There's just one place in this world where I belong
And I'll keep right on driving till I get home
So leave a light on
I can almost see you there
Like a dream with your hair falling down
The room is filled with whispers of love
Could there ever be a sweeter sound
Underneath the cover of night
I feel your body so close to mine
(And we'll be) On our way to heaven again
And make up for lost time
Leave a light on, leave a light on
Help me find my way back into your arms
Leave a light on, till you see me there
Keep it burning, long as it takes
I'll be there before the morning breaks
Back into your arms, that's where I belong
Leave a light on, leave a light on
Help me find my way back into your arms
Leave a light on soon I'll be there....
Keep it shining and I'll be along
There's just one place in this world where I belong
I'll keep on driving till I get home
So leave a light on
Leave a light on, leave a light on
Help me find my way back into your arms
Leave a light on soon I'll be there....
