Michael Bolton, Eternally

(R. Marx/M. Bolton)

Tell me something I could say
To make you feel the power
Of my love for you
Just help me find the way
And every moment, every hour
I'll keep trying to...

Oh I swear I couldn't take it
If I thought you didn't know
Just how sweet you really made it
Music to my soul...

[Chorus:]
Far beyond all space and time
You'll live within this heart of mine
And forever with you
I will be
Take my heart and take my hand
I'll love you with all I am
When forever's through
I'll be loving you
Eternally...

Within my dreams I knew you'd come
I knew you long before I ever saw your face
You are the only one
And no one in this world could ever take your place
Oh, for as long as I am breathing
Till the stars fall from the sky
You're the one thing I believe in
My every reason why...

[Chorus]

I'll love you all my life
Like there was no time before you
And this fire burning for you
Will go on, on, on

[Chorus]

From now on
Endlessly
Loving You
Eternally...
