

Michael Bolton, I Found Someone

Don't you know, so many things they come and go
Like your words that once rang true
Like the love I thought I found in you
And I remember the thunder,
Talkin' 'bout that fire in your eyes
But you walked away when I needed you most
Now, maybe baby, maybe baby

CHORUS:

I found someone, to take away the heartache
To take away the loneliness
I've been feelin' since you've been gone
Since you've been gone

Dry your eyes, I could never bear to see you cry
Someday your love will shine through
Show ya the feelins' that ya never really knew
But baby don't ya lose that thunder
Talkin' 'bout that fire in your eyes
You're lookin' at me but ya don't believe
Now, maybe baby, maybe baby

CHORUS:

Too long on the borderline
Wonderin' if your love was really mine
But you left me with open eyes
That's when I realized, and I realized

CHORUS:

And baby, I found someone
To take away the heartache
To take away the loneliness
I've been livin' with since you've been gone
Since you've been gone
