

Michael Bolton, When There Are No Words

All of this time
I've been tellin' myself the truth
I love you
And that's the easiest thing to do, yeah
How do I describe
How ya turn my world around
Ain't no wonder why those words
Are those ones I've never found
Oh girl, there's so much I mean to say
And I'll keep tryin'
Till I finally find a way

CHORUS

When we make love
Heart to heart
Speak from our souls
We come shinin' through the dark
We reach the stars
Still by far the deepest part
Is (are) the moment(s) when the tears begin to fall
When there really are no words
That's when we say it all

And how many times when you're lyin' close to me
Have ya shown me baby
How much in life don't really mean a thing
All that matters and in all the world remain
Is your love and all ya mean to say
And then hey baby, the heaven in your eyes
Is all I see that means everything to me

CHORUS

There's a power in the silence
Where the truth is just too much
There's a place of pure emotion
Words were never meant to touch

CHORUS

When there are no words
That's when we say it
'Cause there are no words
When we say it
There are no words
