

# Michael Bolton, When There Are No Words

All of this time  
I've been tellin' myself the truth  
I love you  
And that's the easiest thing to do, yeah  
How do I describe  
How ya turn my world around  
Ain't no wonder why those words  
Are those ones I've never found  
Oh girl, there's so much I mean to say  
And I'll keep tryin'  
Till I finally find a way

## CHORUS

When we make love  
Heart to heart  
Speak from our souls  
We come shinin' through the dark  
We reach the stars  
Still by far the deepest part  
Is (are) the moment(s) when the tears begin to fall  
When there really are no words  
That's when we say it all

And how many times when you're lyin' close to me  
Have ya shown me baby  
How much in life don't really mean a thing  
All that matters and in all the world remain  
Is your love and all ya mean to say  
And then hey baby, the heaven in your eyes  
Is all I see that means everything to me

## CHORUS

There's a power in the silence  
Where the truth is just too much  
There's a place of pure emotion  
Words were never meant to touch

## CHORUS

When there are no words  
That's when we say it  
'Cause there are no words  
When we say it  
There are no words
