

# Michael Fassbender, I Love You All (Frank OST)

El Madrid it's nice to see ya, it's really nice to be here

I love your wall

Spilled your fat looks smoked out cow pokes sequinned mountain ladies

I love you all

Put your arms around me, fiddly digits, itchy britches.

I love you all

I love you all /3x

Wash room smells they could be cleaner, stench of cigarettes and stale you realized

I love you all

Prodigal son waits to return to where the dogs played pool

I love you all

I love you all /3x
