

# Michael Franti And Spearhead, Hello Bonjour

I dont need a passport  
to walk on this earth,  
Anywhere I go cause I was made of this earth  
Im born of this earth,  
I breath of this earth,  
and even with the pain I believe in this earth, So  
I wake Up every mornin and Im steppin on the floor,  
I wake up every mornin and Im stepping out the door  
I got faith in the sky,  
faith in the one,  
faith in the people rockin underneath the sun  
Cause every bit of land is a holy land and  
every drop of water is a holy water and  
every single child is a son or a daughter of the one Earth mama and the one Earth papa, So  
dont tell a man that he cant come here cause he got brown eyes and a wavy kind of hair, And  
dont tell a woman that she cant go there because she prays a little different to a God up there  
You say youre a Christian  
cause God made you  
you say youre a Muslim  
cause god made you  
You say youre a Hindu and the next man a Jew  
Then we all kill each other  
cause God told us to NAH!
