

# Michael Franti And Spearhead, Thank You

When I was a younger man  
people say don't dream to tall  
'cause if you live your life this way  
you set yourself up for big falls  
I stay up late in my room at night  
play my heroes on my turntable  
opened me to pure phat groove  
help my soul break down them walls

(chorus)  
I thank you  
I thank you for all the music that you've shown to me  
I thank you  
' cause you set me free  
free to simply just be me

You don't know  
all the influence  
the subtle positives  
that you had on me  
came about like a renaissance  
like a little happy dance  
got into my feet  
but in your time  
the roads you chose  
led you to your hard luck blues  
I always feared what it was like  
to live inside your big old shoes  
(chorus)

Do ya love music? I do  
Do ya love music? I do

Michael Franti And Spearhead Lyrics
