There's a steam beat  
And it's comin' after you  
You can take it  
If you only let your feelings through

So D.J. spin the sounds  
There ain't no way that your gonna  
Let us down  
Gonna dance gonna burn this disco out

Groove all night  
Keep the boogie alright  
Get that sound  
Everybody just get on down

## 2nd Verse

Got a hot foot  
Better freak across the floor  
Join the party  
And we'll keep you movin', that's for sure

Sit us down  
Gonna dance 'til we burn this disco out

Everybody just get on down

There ain't no way to stop you movin' good  
Now the weekend's come it's time for fun  
You got to groove just like you know you should

People now  
Are you ready  
Won't you rock across the room
