Michael Jackson, Girl You're So Together

Girl you're so together Together we can make it, all the way If I had a chance to choose Between a million bucks and you I'd choose you babe, yeah

It's no dreams But with proof as sweet as you, noo Apples peaches and cherries Just won't do, ooh baby

Even the flowers and lollipops Could never hope to top The sweetness of your kiss Can you dig it?

Girl you're so together And together we can make it, all the way, yeah, yeah If I had a chance to choose Between a million bucks and you I'd choose you babe (Choose you babe) Girl your smile, ooh

Is like the month of may, yeah When you're near me The storm clouds stay away, yeah Even the little honey bees Turn to you when they need more honey Love you so much it's not funny

Girl you're so together And together we can make it all the way, yeah Oh, girl, you're so together Oh, hey girl, girl, eye, eye, popper A real life traffic stopper A knock-out queen

Oh, what I mean is Girl you're so together And together we can make it all the way Oh, I love her, I love her, I love, I love you babe (Girl you're so together) Yeah (And together we can make it all the way) Ooh, girl, you're so together

(Repeat and fade out)
