

# Michael Jackson, We've Got Forever

[INTRO]

(We've got forever, forever)

[VERSE 1]

I'll plant you a garden  
Of laughter and tears  
With rain and with sunshine  
Love will grow through the years  
The dreams that we're dreaming  
Have time to come true

[CHORUS]

'cause we've got forever  
And forever is meant for so very few

[BRIDGE]

We shall have music  
We shall have rhyme  
We shall have each other  
One minute after the end of time

[VERSE 2]

Then we'll add up the pleasures  
And treasure the sums  
Caring is sharing  
The cake and the crumbs  
How lucky we are to be me and you

[CHORUS]

'cause we've got forever  
And forever is meant for so very few
