

Michael Kiwanuka, You Ain't The Problem

love makes you blind
i hope to find
who I believe in

get back in line
I can't deny myself
show me the feeling

you got me wrong
if you don't belong
live in the trouble

don't hesitate
time heals the pain
You Ain't The Problem

I lived a lie
love is the crime
it's you I believe in
no need to play myself
no need to die
I am only human

I am done
you got to put me on
I know when you come along

don't hesitate
time heals the pain
You Ain't The Problem
