

# Michael Learns To Rock, More Than A Friend

You got me counting the seconds  
It happens every time  
I'm waiting for the moment  
we can sit down and talk for a while  
And every time that you're near me  
my heart is running away  
How can I tell you when words don't come easy  
and there is so much I'm trying to say

Chorus:

I wanna know that love will surround us  
and you'll share it with me every day  
Tell me you'll care for me now and forever  
I'll give anything to hear you say  
that I'm more than a friend  
I'm gonna try in the future  
not to live in the past  
I guess that I was a dreamer  
if I thought it could ever last  
But every time that I see you  
you bring me out in the sun  
How can I hide it when we are together  
I just know that you're the only one

Chorus:

I wanna know...  
I wanna make you see  
everything you are to me  
Try to understand  
I wonder if you can  
The love I have for you  
will always be true
