

# Michael Learns To Rock, Thats Why

Baby, wont you tell me why, there is sadness in your eyes?I dont wont to say goodbye to you.Love  
Youre the one who set it up,now youre the one to make it stop.Im the one whos feeling lost right now  
I wont forget the way youre kissing,the feeling so strong, were lasting for so long.But Im not the man  
You were never satisfied, no matter how I try.Now you wanna say goodbye to me.Love is one big illusion  
I wont forget .....  
Sitting here alone in the middle of nowhere.Dont know which way to go.There aint so much to say now  
I wont forget .....
