

# Michael McDonald, Every Time Christmas Comes

(McDonald/Harris)

Old man winter's coming on  
The nights are long and the days are gray  
The fading sound of the robin's song  
Summer days seem a lifetime away

It's the time that we look to each other  
To raise our spirits and chase the blues away  
That time of year when we all get together  
I see it comin' I can hardly wait

[Chorus:]  
It's all right I can't stop thinkin' 'bout it  
It's a good life no time to be sad  
I feel so right every time christmas comes around

Children's laughter and the snow on the ground  
Starts lifting my heart up baby  
I feel the love and the joy all around  
That's how I know that it's christmas darlin'

So glad that we've still got each other  
And this love is a gift we'll exchange  
A prayer for peace for my sisters and brothers  
Let's ring the bell and bring on the holidays

[Chorus]
