

# Michael McDonald, (I Hang) On Your Every Word

(Michael McDonald & Amy Holland)

So easily said in passing  
Always followed by some way out  
You got me so dizzy  
I'm wondering what it's all about

All this talk about us and the future  
How real is this future you see  
Maybe love's just a word thrown around  
But it's important to me

Darlin' I've heard it all before  
But I can't give up  
Till I know for sure

[Chorus:]  
Oh, can't you see I hang on your every word  
This ain't no game I'm playing  
I really love you  
Don't promise nothin' that you can't live up to

If you're so worried about my feelings  
Help me get to the bottom of this  
I've listened to all your excuses  
It's the truth I miss

I know you're thinking I'll always be here  
However long that I'll be waiting for you  
I know you think my love is endless  
Well, girl that just ain't true

Darlin' I've heard it all before  
But I can't give up  
Till I know for sure

[Chorus]
