

# Michael Monroe, Germfree Adolescents

I know you're antiseptic  
Your deodorant smells nice  
I'd like to get to know you  
But you're deep frozen like the ice

\* She's a germfree adolescent  
Cleanliness is her obsession  
Cleans her teeth ten times a day  
Scrub away, scrub away, scrub away  
The s.r. way...

You may get to touch her  
If your gloves are sterilised  
Rinse your mouth with Listerine  
Blow disinfectant in her eyes

\* She's a germfree adolescent...

Her phobia is infection  
She needs one to survive  
It's her built-in protection  
Without fear she'd give up  
And die

She's a germfree adolescent  
Cleanliness is her obsession  
She's a germfree adolescent  
Cleanliness is her obsession  
She's a germfree adolescent  
Cleanliness is her obsession  
Cleans her teeth ten times a day  
Scrub away, scrub away, scrub away  
The s.r. way...
