

Michael Nesmith, Boomcar

BOOM
goes the car goes the car down the road it goes
BOOM
goes the car down the road down the road it goes
BOOM
goes the car down the road down the road it goes
BOOM
goes the car down the road goes the car it goes
BOOM
goes the car goes the car down the road it goes
BOOM
down the road.

People behind me,
They think I'm too slow,
But I'm in line
And I got nowhere to go,
So I go BOOM
down the road goes the car down the road.

People in line
Feeling my lows,
I'm right for the times,
I got nowhere to go,
So I go

Right at the light and its left through the Dairy Queen
Ten thousand watts screaming through my machine.
Slow as it goes over bumps in the parking lot,
Merging my way into a slot (merging my way into my perfect spot)
Crank up the amps, turn the bass tot he bold,
Cruising my way to a new sonic threshold BOOM (cruising my way to a new sonic overload BOOM

People behind me,
They say you're too slow,
But I'm right in this line
I got nowhere to go,
So I go
BOOM

Etc.
