

# Michael Schenker Group, Into The Sands Of Time

Gone

So far gone - but you won't admit it  
I've tried so long - but you always break us down  
I been holdin out - a way to redeem it  
But I don't know how - it eludes me

You always bring it on  
I'm so tired of all this misery you're inflicting  
Ready to walk away

Into the sands of time  
We sail across that line

On the edge  
So far down - aah you're pushin me over  
Reachin out - but you won't let it go  
I tell myself - it can't last forever  
Gotta work it out - you're killin me

You always bring it on  
I'm so tired of all this misery you're inflicting  
Ready to walk away

Into the sands of time  
We sail across that line

Into the sands of time  
We sail across that line

Cold

So damn cold - I can't believe it  
We're growin old - just-a hammerin days away  
It's all goin south - but it don't matter  
Cuz I'm leavin now - I'm 108!

You always bring it on  
I'm so tired of all this misery you're inflicting  
Ready to walk away

Into the sands of time  
We sail across that line

Into the sands of time  
We sail across that line
