

Michael Schenker Group, Roll It Over

Been drinking something
I shouldn't drink
Somehow you got to me
Ya must gave me a wink

Gotta roll it over
To see the other side

My head is rolling over
Seeing double through my left eye
Intoxicated tussle

At my homestead
Woke up in a hussle
To get you out my bed

Come on roll it over
Give my arm a rest
Ya gotta roll it over
I woke up in a spiders nest

Not to cherry
Scary Mary
Unattractive
I've contracted she

You ain't got nothing
I wanna know
Make like the wind for me
And give yourself a blow

Please roll it over
Let me steal away
Gotta roll it over
It's all too much of a price to pay
