

# Michael Tolcher, Sooner Or Later

Pull the hair back from your eyes,  
Let the people see your pretty face  
Try not to say anything weird

Save your questions without answers,  
Till your old enough to know  
that things ain't as they appeared

Before you go out in the sun  
Cover your skin and don't get burned  
Beware the cancer,  
it might kill you when you're old

Be first in line, raise your hand  
remember everything you hear  
and playing in the rain is worth catching cold

(Chorus)

Sooner or later- we'll be lookin' back on everything  
and well laugh about it like we knew what all was happening and  
someday you might listen to what people have to say  
Now you learn the hard way...

We only want what's best for you  
that's why we tell you what to do  
and Nevermind if nothing makes sense

'cause It all works out in the end  
you're Just like us without a friend  
But you can build a privacy fence (yeah)

\*Chorus\*

Yeah, now you learn the hard way...

Somethings you have to learn  
them all on your own  
you cant rely on anybody else  
or the point of view of a source unknown  
If it feels good, and it sounds nice, then it's your choice  
don't doubt yourself don't even think twice

Pull the hair back from your eyes,  
let the people see your pretty face  
you know they like it when you smile  
(find a reason to smile)

Try not to focus on yourself  
share that love with someone else  
don't let the bitters bring you down (down)  
don't let anything bring you down

\*chorus\*
