

Michael Tolcher, Sooner Or Later

Pull the hair back from your eyes,
Let the people see your pretty face
Try not to say anything weird

Save your questions without answers,
Till your old enough to know
that things ain't as they appeared

Before you go out in the sun
Cover your skin and don't get burned
Beware the cancer,
it might kill you when you're old

Be first in line, raise your hand
remember everything you hear
and playing in the rain is worth catching cold

(Chorus)

Sooner or later- we'll be lookin' back on everything
and well laugh about it like we knew what all was happening and
someday you might listen to what people have to say
Now you learn the hard way...

We only want what's best for you
that's why we tell you what to do
and Nevermind if nothing makes sense

'cause It all works out in the end
you're Just like us without a friend
But you can build a privacy fence (yeah)

Chorus

Yeah, now you learn the hard way...

Somethings you have to learn
them all on your own
you cant rely on anybody else
or the point of view of a source unknown
If it feels good, and it sounds nice, then it's your choice
don't doubt yourself don't even think twice

Pull the hair back from your eyes,
let the people see your pretty face
you know they like it when you smile
(find a reason to smile)

Try not to focus on yourself
share that love with someone else
don't let the bitters bring you down (down)
don't let anything bring you down

chorus

(fade)
