

Michael W. Smith, In My Arms Again

Chorus:

I really wanna see you
I really wanna touch you
If only I could hold you in my arms again
I really wanna reach you
Forever to be with you
If only I could hold you in my arms again

It was written in the stars
On the pages of my heart
Oh, that someday I would find
The love I feel for you tonight

On the ocean of our dreams
Like a prayer you came to me
And the longing that had been
Found its ending in your eyes
And I am missing you tonight

Chorus

Across the waves, across the sea
Separating you from me
Here's a promise and it's mine
I will love you for all time
I'm wishing you were here tonight

Chorus
