

Michala Banas, Kissin' The Wind

Watchin' you work, your wheel spinnin' round,
I can't say that i'm not inspired by you.
But baby it hurts and you're letting me down,
I used to be everything, you swore was true, what changed for you?

CHORUS:

You're kissin' my mouth, i'm kissin' the wind,
Tryin' to figure it out, you're just tryin' to get in
Don't know where you're at, I remember when
You used to be my lucky 7, got lost inside your heaven,
But now, I can't pretend,
'Cause you're kissin' my mouth, i'm kissin' the wind.

And when we fight, I don't want to let go,
But you're making the choice for me so easy (yeah).
Can we turn back? No we'll never know.
It all sounds like noise to me, listening to your vanity.

CHORUS:

You're kissin' my mouth, i'm kissin' the wind,
Tryin' to figure it out, you're just tryin' to get in
Don't know where you're at, I remember when
You used to be my lucky 7, got lost inside your heaven,
But now, I can't pretend,
'Cause you're kissin' my mouth, i'm kissin' the wind.

Well those were the days, did we let them fade away?

You're kissin' my mouth, mmmmm, i'm kissin' the wind.

CHORUS:

You're kissin' my mouth, i'm kissin' the wind,
Tryin' to figure it out, you're just tryin' to get in
Don't know where you're at, I remember when
You used to be my lucky 7, got lost inside your heaven,
But now, I can't pretend,
'Cause you're kissin' my mouth, i'm kissin' the wind.

You're kissin' my mouth, i'm kissin' the wind
You're kissin' my mouth, i'm kissin' the wind
You're kissin' my mouth, i'm kissin' the wind
You're kissin' my mouth, i'm kissin' the wind
You're kissin' my mouth, i'm kissin' the wind...(to fade)
