

Michale Graves, Attack Of The Butterflies

Welcome to my never, never, never world
Come with me, I'll bring you peaceful
Sleep, retarded memories
My heroin, hold it in
If my smoke gets in your eyes
I apologize

Welcome to my hello, hello, hello world
Going down a one way street
Footsteps in the galleries
Sleep, retarded memories
My heroin, hold it in
If my smoke gets in your eyes
I apologize

I am all you'll ever need
I am the child messiah
Jesus Christ is dead
The butterflies are lost inside
And I am where you hide
