

Michelle Branch, Leap Of Faith

One last call to answer
Feeling full of despair
Don't think I can get through it
Just one last prayer
And it's a leap of faith
When you believe there's someone out there
It's a leap of faith
When you believe that someone cares
Oh
And when I call out to you
Will you be right there?
Right there?
Searching for the answer
Nobody seems to care
And now I wish that you were here
Beside me
To wipe away my tears

And it's a leap of faith
When you believe there's someone out there
It's a leap of faith
When you believe that someone cares

Oooh
And when I call out to you
Will you be right there?
Right there?

Waiting for the answer
remembering the times we would share
Somehow I feel you here beside me
Even though you're not there
And it's a leap of faith
When you believe there's someone out there
It's a leap of faith
When you believe that someone cares
And when I call out to you
Will you be right there?
Right there?

And I'll be waiting by the window
for the smile to come through
And I'll be waiting in the darkness
when I call out to you
And I'll remember when you told me
I could trust in you

And it's a leap of faith
And I believe that you are out there
It's a leap of faith when I believe you truly care
oooh
And when I call out to you
I know you'll be right there...
Right there

And it's a leap of faith
