

Michelle Branch, Wanting Out

i turned around
and there you were
standing in front of me
i cant ignore the fact that you were back for more

it's kinda funny when you think about
it's kinda hard to agree to disagree
n now were back to the start
now but, no but, like you want me to be

so take me away
coz i dont wanna be there
i should learn to speak up
wen enough is enough
n i'm wanting out
n i'm wanting out

i saw you smilin' in the photograph
n i rememer how we used to laugh
but that was then, forgive, forget
is just easiest

so take me away
coz i dont wanna be here
i should learn to speak up
when enough is enough
n i'm wanting out
n i'm wanting out

da da da da da da da ooooh

n i dont know if i can get through this
n i never knew that before ohh
you make up your mind
you'll suddenly find your wanted more

so take me away
coz i dont wanna be there
i should learn to speak up
when enough is enough
n i'm wanting out
ohh n i'm wanting out

so take me away
coz i dont wanna be there
i should learn to speak up
when enough is enough
n i'm wanting out
n i'm wanting out
n i'm wantitng out
n i'm wantitng out
n i'm wantitng out
ohh n i'm wanting out
