

# Michelle Lewis, Ground Zero

(Michelle Lewis/Dayna Kurtz/Renee Cologne)

From here I still get vertigo  
The spinning colors down below  
I'm passing quickly so  
Look up, I'm a comet, here in my orbit  
And bless my eyes, from this high  
It's beautiful

But down on earth they've sent the code  
My time is up, I've got to go  
If there's one thing I know  
You can't be too happy  
They'll shoot you down  
Look away from your T.V.  
This show's over now

Goodbye (I'm falling)  
Big sky (I'm fading)  
Hello ground zero (so fast I don't know what to do)  
Goodbye (hold steady)  
Big sky (and waiting)  
I'll be landing soon

And on the crash site flowers pile  
The lights that line the runway mile  
I'll lose my shit in style  
In one minute longer I'm blessing you  
(I need some time to clear my mind and to memorize the view)

Then finally I'll hear the scream  
Metal on metal like my dreams  
The asphalt steaming with  
The smell of burnt rubber, pity me  
Leave me up here forever, peacefully...

Goodbye (I'm falling)  
Big sky (I'm fading)  
Hello ground zero (so fast I don't know what to do)  
Goodbye (hold steady)  
Big sky (and waiting)  
I'll be landing soon  
Goodbye...  
Goodbye...  
Goodbye...  
It's over now...
