

# Michelle Poe, Rock My Baby

theres a hurricane off the coast of carolina tonight  
We got a new world full of strangers spoilin for a fight  
Cause theres gonna be poverty, drugs, guns and money forever  
Thers not much on this earth one little person like me  
can do to make it all better

so i'll rock my baby  
with all that ive got in my heart  
while the world goes crazy  
i'll sing this sweet little lullaby my mama gave me  
and i'll rock my baby

i kneeled down and asked God to help  
to seperate wrong from right  
I tried to figure out what would Jesus do  
With 18 gigabites, adn a satellite dish and an SUV  
asked him waht really matters  
What can I do with my life  
To make sense of it all  
and He gave me an answer

He told me to rock my baby  
with all the love taht Ive got in my heart  
while the world goes crazy  
I'll sing this sweet little lullaby my mama gave me  
and i'll rock my baby

even in the mist of it all  
I promise i wont let you fall  
if you just numb the storm?  
i got it right here in my arms

While the world goes crazy  
I'll sing this sweet little lullaby my mama gave me  
Rock my baby  
With all the love that Ive got in my heart  
While the world goes crazy  
I'll sing this sweet little lullaby my mama gave me
