

# Michelle Tumes, Christe Eleison

Grant us grace and grant us hope (2x)

When you bring this joy in our youth  
In the age of want and despair  
Ooooh, You're always leading  
Ooooh, with the life You're bringing

And we wonder who we are  
And we ponder who we've become  
Ooooh, our hearts have slumbered  
Ooooh, our feet have stumbled

Kyrie eleison, Christe eleison  
Kyrie eleison, Christe eleison

(English:  
God have mercy, Christ have mercy  
God have mercy, Christ have mercy)

When we pass through ancient streets  
Of our hopeless history  
Ohhh, our eyes are weeping  
Ohhh, but we are seeking
