

Michelle Wright, Nobody's Girl

She's a fallen angel
She's just flesh and bone
She's the rock of ages
Shes a rollin stone

Chorus:
She's nobody's girl
She walks this road alone (nobody's girl)
She calls her soul her own (nobody's girl)
She knows she's on her own in this world
She's nobody's girl

She's some kind of devil
She's some kind of saint
And if her hands are dirty
Well her spirit ain't

CHORUS

Now if the world don't claim you
It don't own you too
She don't belong to me no, no
She don't belong to you

CHORUS (twice)
