

# Michigan, Pioneers

Dirty eyes and your body's  
Next to mine  
Dark as night well the hours late  
I'm blinding for love  
And I don't believe I can  
Ignore your kind  
We are both wanderers tonight  
And your dress is fine

My deepest emotions arises  
here  
Come on and let it burn  
Give me a potion  
We're are pioneers  
Come on and let it burn

I see your smile as I kiss  
Your heart it pounds  
For a while I'm a slave for you  
To be found in chains  
And I do believe I can  
Belong to you  
We're swimming in this sea  
of love  
And your breath is warm

Come on and let it burn

My deepest emotions arises  
here  
Come on and let it burn  
Give me a potion  
We're pioneers  
Come on and let it burn
