

# Mick Jagger, 1/2 A Loaf

We got half a life, we got half a dream  
We got half a love, we got half a scheme  
Always sitting in the darkness, I'll wait for you  
Nervous of the neighbors, I'd like a hotel room

'Cause I'm indiscreet, can't keep quiet  
Heaven I don't know how  
I can't go on seeing you like this  
Give that knife just one more little twist  
This affair is really going to break my heart

Living half a life is better than nothing, half a dream  
You know I can't keep quiet 'cause I'm indiscreet  
I guess half a loaf leaves me feeling hungry  
Half a glass, half a dream, half a life

Heaven I don't know how  
I can't go on seeing you like this  
Give that knife just one more little twist  
This affair is really going to break my heart

Let's call our friends! Let's go hang out!  
Let's go out dancing! Let's jump and shout!  
Let's go be seen! Let's dress up chic!  
Show we're in love! Right on our street!

Let's go out trashy! Let's go act cheap!  
What does it matter what other people think?  
Step in the bright lights! Let's go act wild!  
I want to show that you're mine all mine

Here's to freezing in the doorways  
Here's to taking separate taxis  
To our stolen conversations  
We're never seen together

Half a dream, half a life, heaven I don't know how  
But I can't go on seeing you like this  
I can't go on seeing you like this  
Give that knife just one more little twist  
This affair is really going to break my heart

Half a dream, half a life, half

I can't go on seeing you like this  
I can't go on seeing you like this  
I can't go on seeing you like this  
I can't go on seeing you like this  
Give that knife just one more little twist  
I can't go on seeing you like this  
I can't go on seeing you like this  
Give that knife just one more little twist  
Can't be seen together, nothin' lasts forever
