

# Mick Mars, Ain't Going Back

Rock and roll  
And this is how we'll get dose  
I'll do it for you  
This hit me where it hurts (hurts)

And I swear  
I'm gonna leave it all behind  
I'm losing my mind

Made a deal with the devil  
God, bless my soul  
Wanna take it back  
But it won't let go

Women, little babies  
Pulling me in  
My finger on the trigger  
Ain't going back again

They can hold me hours  
'Cause that's what you always do  
It's a perfect crime  
But the truth is the womb is yours

I'm always living with your curse inside my head  
I'm better off dead

Made a deal with the devil  
God, bless my soul  
Wanna take it back  
But it won't let go

Woman little baby's  
Pulling me in  
My finger on the trigger  
Ain't going back again

Made a deal with the devil  
God, bless my soul  
Wanna take it back  
But it won't let go

Woman little baby's  
Pulling me in  
My finger on the trigger  
Ain't going back-

Made a deal with the devil  
God, bless my soul  
Wanna take it back  
But it won't let go

Woman little baby's  
Pulling me in  
My finger on the trigger  
Ain't going back again

Ain't going back again  
Ain't going back again
