

Mickey Rooney, Losing All Control

I'm losing you
I'm losing all control
Just let me be
Let me be alone for now
Wanna be alone tonight
Once again we've gone off track
And lost all hope for coming back
It's time to start again and try all over , again
Its time to work the work is useless now
Oh can't you see your help is lost in me
Wanna be alone tonight
Once again we've gone off track
And lost all hope for coming back
Its time to start again and try all over, again
We've lost all hope for coming back
We've lost all hope for coming back
We've lost all hope for coming back
Lost all hope for coming back! (x2)

Once again we've gone off track
And lost all hope for coming back
Its time to restart again and try all over, again
