

# Midlake, Balloon Maker

He was a great balloon maker  
the balloons were never known for speed  
there's no way you'll get sweet  
you asked me to waste some time  
come out to see the sun  
you're all we've got  
but i said i think there's more of them like us  
and he said you might be right  
we'll find them in time somewhere  
i had a dream

He was a great balloon maker  
then they outlawed all balloons  
he packed up and put his things away  
he asked me to waste some time  
come out to see the sun  
you're all we've got  
but i said i think there's more of them like us  
and he said you might be right  
we'll find them in time somewhere  
and i had a dream

Come out to see the sun  
you're all we've got  
but i said i think there's more of them like us  
and he said you might be right  
we'll find them in time somewhere
