

# Midnattsol, Dancing With The Midnight Sun

You have to climb the top  
Go on, don't give up  
It never seems to end

It's controlling me  
This ain't what I want to be  
Save me from this mess

To dance all the night in the midnight sun  
That is my dream  
The drops lick my skin  
I dance with the wind  
It blows me away

Du ser hu som danse i skogen  
Me lette skritt  
Me lokkane yne  
Hu strekke ud hnn  
Men du nr an ikje

Du ser hu  
Hu strekke ud hnn  
Men du nr an ikje  
dansa i midnattsol  
De e min drm

To dance all the night in the midnight sun  
That is my dream  
The drops lick my skin  
I dance with the wind  
It blows me away
