

# Midnattsol, Haunted

Haunted and drifted into a corner  
No open door in sight  
Circling around in a blizzard  
Painfully rifted scars

Surrender your sword!  
Rescue your soul!

Despondent  
'Cause I have given  
Signs of unthoughtful crimes  
An act against my own heaven  
Forgive me for sins of hate

Forced to create a struggle  
Will you ever understand?  
The resolution of a jealous action  
The sword was not made by my hand

Waiting for an instant answer  
Waiting for the truth  
Floundering in my river  
Searching like a fool

Surrender your sword!  
Rescue your soul!

Sleepless nights  
Was it worth it?  
Detest the fake role of grace  
I'm riding an endless journey  
Insanity: you're never safe!
