

# Midnight Oil, Armistice Day

You're watching people fighting, you're watching people losing  
On Armistice Day

The watchers do the wincing, reporters so convincing  
But the TV never lies  
I went looking for a war, but the only guns I saw  
Never used in anger

You're watching people fight, say they fight, oh say they lose  
On Armistice Day

The fixers do the fixing, the locals do the lynching  
The papers deny  
I went looking for a headline, got talking to the backline  
They'd never seen the action

(Hirst/Moginie/Rotsey)
