Midtown, Whole New World

Just because we're abandoned Doesn't mean we're alone Falling down when we're empty Cause I know, yes I know

Nothing here really matters Nothing helps when you're lost Break me down to an atom Cause I know, yes I know

It's a whole new different world What you've got to say Save yourself There's no salvation

Home is found where the heart is Space is found in our homes Shots ring out across the city Cause I know, yes I know

So what you've got to say It's a whole new different world What you've got
