Mighty Diamonds, Shame And Pride

Yeah, Yeah Shame and pride is killing you girl. X3

Look all the things I gave you
What did you do, only made you feel blue
I try my best to prove my love to you,
But you didn't understand, Natty
Oh no, you didn't understand, Dreadie
chorus X4

Remember in school how we loved each other
I used to see you wait by the school yard gate, yeah
Now we've grown up something seems to be wrong
But oh no, you didn't understand, Natty
Oh no, you didn't understand, Dreadie
