## Miguel Bose, Angel Of The Night

Angel of the night Angel of my feelings Everything's all right If you come down to see me

You're my angel of the night Answer to my sorrow Love you every time Don't wanna lose tomorrow

"(Chorus)" You're my angel, angel, angel of the night Will you try to set me free? (Don't keep me waiting) 'Cause you're my angel, angel, angel of the night Don't forget to get in me... (Don't keep me waiting)

Angel of the night Evil of my morning When the Sun goes up You're never here to hold me

You're my angel of the night Answer to my sorrow Love you every time Don't wanna lose tomorrow

"(Repeat chorus)"

You're my angel of the night You're the reason of my life Let me love you every day... You're my angel of the night You're my happiness tonight Please don't ever go away...
