

Miguel Bose, If You Break My Heart

Love me tender
I'll surrender
Take me by the hand
Show me the way
You've been trying so hard
I've been crying
I've never wasted tears
On anyone before

"(Chorus)"
But if you break my heart
Do I forgive you?
And if we're worlds apart
How can we ever be together again?

It's hard believing
This strange feeling
I've never ever felt
For anyone before
My life was hollow
But now I'll follow
Anywhere you go
Anything you do

"(Repeat chorus)"

Like the morning
A new day's dawning
I feel your spirit move
In a special way
Oh, love me tender
I'll surrender
Take me by the hand
Show me the way

"(Repeat chorus to the end fading)"
