

Miguel Bose, My Perfect Lover

Just a hint of perfume
Flower and a pearl
Just a tender kiss
Haunting me still

What's the sense in waiting
Beauty on a wing
Bitter sweet perfume
Haunting me still

Something in your heart
Capricious heart
That tells me you're mine
As the night burns away
In passionate fire

My perfect lover
You broke the very first rule
My perfect lover's no fool

Fly too high, my songbird
Riding with the wind
I will clip your wings
I kiss to kill

Something in your heart
Capricious heart
That tells me you're mine
As the night burns away
In passionate fire

My perfect lover
You broke the very first rule
My perfect lover's no fool

Pena, pena, en la baha ser
Noche y da tu canto alegre de amor
Cuore Cuore pa' no olvidar de quin soy
De quin soy? De quin soy?
T sabes de quin soy?

My perfect lover
You broke the very first rule
My perfect lover's no fool
