

Miguel Bose, Omni Padme Um

Fairies of night
Feel like I want to fly
I'm dying to spread my wings
Give me the world, never the lie
Love me or let me die

For I want to be the wind
And get through the seventh ring
Omni padme um
For I want to hear the sound
Of the silence in my soul
Omni padme um

Spirit of snow
Lend me your glow
'Cause I need a light
Oh, sister dawn
Give me the word
Omni padme um

"(Chorus)"
Need you, love you, feel you
See you now, get me higher
Need you, love you, feel you
See you now, get me higher

In the eternity of space
In your heart and on your face
Omni padme um
From the deepest part of man
For the laws of the land
Omni padme um

"(Repeat chorus)"

For I want to be the wind
And get through the seventh ring
Omni padme um
For I want to hear the sound
Of the silence in my soul
Omni padme um

"(Repeat chorus)"

In the eternity of space
In your heart and on your face
Omni padme um
From the deepest part of man
For the laws of the land
Omni padme um
