

Miguel Bose, The Hunter And The Prey

Far above the earth I glide
See you twist against the tide
Hold on... hold on...
Hold on... hold on...
See me pass across the Sun

Arc of white, spark of blue
With this lightning I trace you
Hold on... hold on...
Hold on... hold on...
See me pass across the Sun

If you feel that someone's watching you
As the darkness steals the day
I will track you by the wheeling stars
As the distance falls away
Who is hunter? Who is prey?

Where no breath will warm your gentle face
Look no further than the Sun
Hearts embrace across the great divide
We will never be...
We will never be undone...

If you feel that someone's watching you
As the darkness steals the day
I will track you by the wheeling stars
As the distance falls away
Who is hunter? Who is prey?

If you feel that someone's watching you
As the darkness steals the day
I will track you by the wheeling stars
As the distance falls away
Who is hunter? Who is prey?

If you feel that someone's watching you
As the darkness steals the day
I will track you by the wheeling stars
As the distance falls away
Who is hunter? Who is prey?
