

Mika, How Much Do You Love Me

There's a boy
His father's bad
He's living on the road
And he's so sad
Now he cries
Every day
He's turned to the Holy Father
And the mother could show him the way

There's a girl
Her momma's gone
She's got another man
And couldn't carry on
Now she cries
Every day
To forget about her mother
She runs away

How much do you love me
How much you care
How much do you need me
When I'm not there
How much do you love me
How much you care
How much do you miss me
When I'm not there

Do do do do
Do do do do
Do do do do
Do do do do
Do do do do
Do do do do
Do do do do
Do do do do

In this life
We live and learn
To lose what we love
And get what hurts
I'm not about
To forget it all
Gonna love every minute
Every hour more

How much do you love me
How much you care
How much do you need me
When I'm not there
How much do you love me
How much you care
How much do you miss me
When I'm not there

How much do you love me
How much you care
How much do you need me
When I'm not there
How much do you love me
How much you care
How much do you miss me
When I'm not there

Do do do do

Do do do do
Do do do do
Do do do do
Do do do do
Do do do do
Do do do do
Do do do do

I love you more, I love you, more
I love you more, I love you, more

How much do you love me
How much you care
How much do you need me
When I'm not there
How much do you love me
How much you care
How much do you miss me
When I'm not there

How much do you love me
How much you care
How much do you need me
When I'm not there
How much do you love me
How much you care
How much do you miss me
When I'm not there

Do do do do
Do do do do
Do do do do
Do do do do
Do do do do
Do do do do
Do do do do
Do do do do
