

# Mika, Overrated

Would you hate me  
if I stuttered?  
Would you make me  
walk out of the door  
Are you worried  
to discover  
all the things about me  
you don't know

Keep me, keep me,  
keep me, and keep me

Overrated, overrated  
I'm jaded in this God damn world  
Overrated, overrated  
long enough to keep me

and discover  
Can't you see my life  
as something more,  
and paint me

in a color  
you swear you've never seen before

Keep me, keep me  
keep me, and keep me  
overrated, overrated  
I'm jaded in this God damn world  
Overrated, overrated  
long enough to keep me

in this state of grace,  
in this perfect place  
where you see me  
in unreality

Please keep me, keep me,  
keep me, and lead me  
Overrated, overrated  
I'm jaded in this God damn world  
Overrated, overrated  
long enough to keep me
