

# Mika Urbaniak, Once in a Lifetime

Got my ride on this train  
Got no reason for to stay  
Packed it up, I had to leave  
Straight for you, straight to me

You told me you would love me forever  
Oh what a lifetime that will be  
You told me we should be together  
Well that's enough that's enough for me

Listen to your heart  
If it tells you go you should go go go  
Once in a lifetime  
When you find the one  
You will know know know  
Once in a lifetime. Once in a lifetime

Hit the tracks whistle blow  
It's our time. Time to go  
Feels so good. Feels so new  
You and me. Me and you

I can't waste this dream  
Won't let it pass me by  
You only get one chance  
And this one is mine

Listen to your heart  
If it tells you go you should go go go  
Once in a lifetime  
When you find the one  
You will know know know  
Once in a lifetime. Once in a lifetime
