

Mikay, Don't Wake Me Up

What do you see
When you close your eyes
Do you dream of me
It's what I do all the time
I close my eyes
There you are, in front of me
It seems so real
But I know it's just a dream

In my mind, there is a place
Where we live we never die
Every time I close my eyes
You're always by my side

Don't wake me up
I'm falling in a dream
Inside a world that I
Made up for you and me
If the only place
I get to see you is a dream
Do not fade, don't end
I'll tell the light to not come in.

What do you feel
When you hear my name
Do you think of me
Have you kept our memories
I guess that I
Need no answers anymore
I just wish I could
Say a real goodbye

But in my mind, there is a place
Where we live we never die
Every time I close my eyes
You're always by my side

Don't wake me up
I'm falling in a dream
Inside a world that I
Made up for you and me
If the only place
I get to see you is a dream
Do not fade, don't end
I'll tell the light to not come in.

Don't wake me
Wake me
Wake me
Wake me
Wake me up

Don't wake me
Wake me
Wake me
Wake me
Wake me up

Don't wake me up
I'm falling in a dream
Inside a world that I
Made up for you and me
If the only place
I get to see you is a dream

Do not fade, don't end
I'll tell the light to not come in.
